This 14 day journey is an experience of a life time for those in search of a truly unique visit to the land of ancient Egypt. Whether you have been to Egypt before of this is your first trip, many unique opportunities are available on this journey. Our trip begins in Heliopolis, the birth place of the creation myth of the twin lions, Tefnut and Shu, where we over night in preparation for our flight to Luxor. Here in Heliopolis, we begin to open to the powerful Cat Beings from whom we shall gain knowledge, wisdom and truth throughout our time in Egypt. Our trip is designed to experience the flavor of the local countryside, its people and the spiritual joy in life they still retain. Highlights of the journey include Luxor with visits to Medinet Habu, the Temple of Dreams and the Temple of Time and Timelessness where we begin to remember the ancient healing rites of the powers of the Sekhmet. A visit to the Valley of the Kings, Queen Hatshepsut's Temple, Karnak and Luxor Temples with special time at the healing temple of Mut. Quiet time at the Blue Lotus House communing with these healing energies rounds out our time in Luxor.

Together we shall journey to the temples of Dendera and Abydos activating the Galactic Halls of Records, the wisdom of sacred geometry and the heart energies of the Hathors. As we activate the life affirming energies of music, sound, dance, song, aromatherapy and astrology each participant shall re-member the talents, tools and gifts they are here to share on earth. We also journey to Aswan via Komombo for a powerful meeting with the Cat Beings Seshat, Tefnut and Sekhmet - Cosmic, World and Karmic energies. This is an opportunity for initiation, integration and rebirth into our Whole Self through facing those aspects of self we keep hidden deep inside - even from ourselves. In Aswan we are surrounded by the Nile waters at our island hotel from which we shall venture to Philae to connect with the more mature wisdom of the Isis/Gaia/Hathor energies now entering this galaxy. This is an opportunity to heal the rift between the feminine and masculine energies allowing each to be honored, respected and become whole as we employ the healing energies of the coming Virgo Full Moon.

**On our return trip to Luxor we visit Edfu Temple to activate the Full Moon in Virgo energies. Here the wisdom of Thoth and the Truth of Maat for each participant begins to come forth to be acknowledged. On our return to Luxor we shall complete our Full Moon celebration with dinner and an optional trip to the Blue Lotus House. On our return to Cairo, we visit Sakkara and the Giza Plateau with special arrangements made to be between the paws of the Sphinx for Spring Equinox so we may take advantage of this powerful down shoot of cosmic energies. This facilitates our receipt of the next assignment in our Great Work.**

**There is ample time scheduled into our journey to shop for treasures to take home, time to relax, as well as time on your own for contemplation, meditation or just being.
